

**Amendment to the Abstract**

Please amend the Abstract as follows:

The present invention relates to a chemical composition and a method of polymerization of said composition useful in the vehicle bodywork repair sector. [[Said]] The chemical compositions comprises 10% to 60% of synthetic resins, 10% to 70% of monomers selected from oligoethers and acrylate or methacrylate monomers, 0% to 90% of solvents and 0.1% to 10% of photoinitiators which initiate the polymerization process when stimulated by light radiation.

**ABSTRACT**

The present invention relates to a chemical composition and a method of polymerization of said composition useful in the vehicle bodywork repair sector. The chemical compositions comprises 10% to 60% of synthetic resins, 10% to 70% of monomers selected from oligoethers and acrylate or methacrylate monomers, 0% to 90% of solvents and 0.1% to 10% of photoinitiators which initiate the polymerization process when stimulated by light radiation.
